*St. Francis Nurses' Week 2008*

*Celebrating the Nurses of St. Francis*

*Dear Sandra Counts,*

The nurses of Bon Secours St. Francis Health System work tirelessly every day to ensure the health and comfort of their patients. And there is one week each year when we take the time to thank them for that extraordinary effort.

May 6-12 is Nurses' Week, and we invite you to take this opportunity to recognize a nurse or nurses who made a particular difference for you during your stay with us. Whether you are able to return the attached card with a donation or only with the story of why your nurse stood out for you, your thanks will be a great way to help us recognize the exceptional nurses of St. Francis.

*Thank You*

*Please share your story of the outstanding care you experienced from our nurses.  
Feel free to continue your story on additional paper if you need to.*
