

The Meaning of Foundation

“When my daughter needed a heart transplant, I just ran out to take care of her. At a time when I couldn’t think about bills, it was one burden that was taken off of me for a month. It’s great that they have this for the employees. So I was thinking about the word ‘foundation.’ It means the strong support of the people around you. I think it’s awesome.”

Faith in the future

“If everybody gave a little, we would have a lot.”

employee campaign 2008

ST. FRANCIS FOUNDATION

August 11 - August 15

The Faith in the Future Campaign invites the St. Francis family to come together, combining your one time or regularly scheduled donations into a unified gesture of faith in our ability to turn today’s possibilities into tomorrow’s realities. Whether you specify your gift for a specific program, or simply allow it to be applied where it is needed most, it is an extension of your daily pledge to bring health and comfort to the entire Greenville community today... and well into the future.

Restoring Her Vision

“I had a cornea transplant in both my eyes, and I was going to have to wear very expensive contact lenses. I was grateful they were willing to help me. Without those lenses it was a small world for myself. They do great works here and I love it. I love being a part of the St. Francis family.”

- * During the campaign, you may drop off your donation envelope at the boxes at any of the nurses’ stations, at the Foundation office, or you can mail it directly to the Foundation.

Comfort in a Trying Time

“It’s scary finding out that you’ve got Leukemia. But I’ve never been to a hospital where it’s like family. They make you feel real comfortable there. You don’t feel like you’re alone. They’re gonna sit there with you and reassure you that things are going to be okay. They’re just different here.”
